

Multi-Casualty Incident (MCI)

Training:

ADVANCED

Saturday, April 16, 2011

Weaverville

The **MCI Advanced Management** course builds on the MCI Basic Operations course for EMS, fire rescue, and receiving facility personnel who might have to contribute to the successful handling of an MCI and its patients. This course provides advanced instruction pertinent to larger and more complex multi casualty incidents. Students will learn:

- Triage for the pediatric patient
- Expanding from a Medical Group to a Medical Branch structure
- ICS positions for larger MCI responses
- Ambulance Strike Teams & Medical Task Forces
- An overview of California's disaster medical & health system
- Operations under overwhelmed or disrupted support systems
- WMD considerations
- Expanded activities for key MCI ICS positions

PREREQUISITES:

A working knowledge of basic ICS (200 level) is recommended for all MCI students. An online independent study course is available here: <http://emilms.fema.gov/IS200b/index.htm>

Prior completion of the MCI Basic Operations course is highly recommended
